

Altus Procurement Management

altus
procurement management

Take control of your entire procure-to-pay (P2P) workflow with Altus Procurement Management.

One of the greatest areas of financial efficiency gains for organisations is the streamlining of manual or paper-based processes across the procurement supply chain workflow.

Altus Procurement Management orchestrates this process; removing redundant processes while providing transparent visibility and flexible governance controls.

Altus Procurement Management is a fully electronic eCommerce solution that streamlines your organisational processes and significantly enables:

Time savings

Cost savings

Quality improvement

Increased user and supplier satisfaction

Reduced errors and misuse

Features and benefits

✓ **Enforce purchasing policy requirements** with a customisable rules engine

✓ **Improved interfacing with suppliers for quotations** – including automated email generation and ability for suppliers to respond electronically

✓ **Nominate suppliers** who are on a Panel Contract (e.g. Local Buy Preferred Suppliers)

✓ **Monitor supplier certifications and qualifications** (including expiry notification)

✓ **Rate the performance of individual suppliers**
